Stretch Film

Elastic wrap that secures pallets and products.

VORTEX stretch film holds pallets, boxes and product groups stable and secure during transport and storage thanks to high elongation and cling. It protects against dust, moisture and scattering. Offered for hand and machine wrapping in various micron thicknesses, widths and clear/coloured options.

SCOPE

- + Hand & machine film
- + High elongation & cling
- + Clear & coloured options
- + Various micron & width

APPLICATIONS

- + Pallet wrapping
- + Box & product bundling
- + Transport & storage
- + Dust & moisture protection

STRETCH FILM · PRODUCT FORMS

Hand Stretch Film

Hand stretch film is a high-elongation, high-cling LLDPE wrap designed for operators to secure pallets and box groups manually. Its ergonomic roll widths make it practical for small and medium-volume shipments. It delivers fast packaging without requiring any machine investment.

- Manual pallet wrapping
- High elongation and cling
- Ergonomic roll width
- No machine investment needed
- Protection against dust and moisture
- Various micron options

STRETCH FILM · PRODUCT FORMS

Machine Stretch Film

Machine stretch film is produced with a balanced stretch profile to run at high speeds on automatic and semi-automatic wrapping machines. Its high stretch ratio wraps more pallets with less film, lowering unit cost. It is ideal for warehouses and production lines with heavy shipment volumes.

- Automatic machine compatible
- High stretch ratio
- Lower unit cost
- High-speed performance
- Balanced stretch profile
- Long-length rolls

STRETCH FILM · PRODUCT FORMS

Coloured & Opaque Film

Coloured and opaque stretch film is a pigmented wrap that conceals contents to provide shipment security and confidentiality. With black, white and various colour options, it makes it easy to categorise product groups and identify them quickly on site. Its opaque structure forms an extra visual barrier against UV exposure and dust.

- Opaque content concealment
- Colour-coded sorting
- Shipment security
- Visual dust barrier
- Black, white and colour options
- Quick on-site identification
